1. The Other insurance businesses segment mainly reflects the Personal Mobility insurance launched in September 2021 as the first pay-as-you-go insurance for users of personal mobility vehicles, squatter protection insurance under the partnership with Movistar Prosegur Alarmas, the travel insurance business for holders of Bankinter cards under 10 group policies (not included in the figures for customers), Pet insurance and run-off payment protection insurance.

02. Motor Segment

IFRS17&9

INCOME

- In the quarter, the portfolio increased by more than 5,300 policyholders, reversing the recent trend
- Slight moderation in the income figure compared to Q1

COMBINED RATIO IFRS17&9

- The combined ratio has evolved very positively, both year-on-year and quarter-on-quarter, reflecting a clear improvement in claims costs.

1. Equivalent to the net premium earned under IFRS 4

02. Home Segment

IFRS17&9

INCOME

- As with Motor, the second quarter has shown growth of more than 1,800 policyholders
- Insurance income has continued at the same rate as in Q1

COMBINED RATIO IFRS17&9

- The level of claims has been excellent, helped by the lack of atmospheric events in the quarter

1. Equivalent to the net premium earned under IFRS 4

02. Health Segment

IFRS17&9

INCOME

- Notable growth continues, although the business mix reflects more basic products

COMBINED RATIO IFRS17&9

- Frequencies and average costs have been contained while we continue to work on the expense ratio

Loss ratio

- The loss ratio does not include the discounting effect in the curve's movement, which is recorded in OCI, €1.2 million at June 2024, – (€0.2) million at June 2023
- We include expenses attributable to claims in the loss ratio, as under IFRS 4
- Losses on onerous contracts reflect the release (allowance) in Health insurance during the year. The calculation under IFRS 17 takes only one financial year into account (two under IFRS 4), although the concept is similar to the provision for unexpired risks. There were no changes during the quarter. The recoverable component of reinsurance reflects the ceded portion

Expense ratio

- Investment management expenses are now recognised in the expense ratio (they used to be part of the financial result under IFRS 4)
- Under local standards, the change in the provision for claims settlement agreements when the policyholder is innocent was recorded under expenses (as they constitute settlement agreements between parties and are regulated accordingly by the Spanish Directorate General for Insurance and Pension Funds). Under IFRS 17, they are now included in the loss ratio
- In addition, the profit sharing of the "Other" segment (from travel insurance to cardholders) is now included in the loss ratio
